Keeps you on your toes! Anytime your feeling that there's not enough to do just go back to the farm and build your animal farm back up and it'll make tons of items and leave you plenty of time to go back to

the city and buy another one. Really good! Lots of fun variety of enemies. Not too hard but not easy either. In general I am always happy with the items that I get and I always feel confident going into my next run. Good simple RPG! Really neat game! A lot to do in the game. The game has a lot of replay value because I can explore the cities, keep exploring every nook and cranny, and keep killing monsters until I get the gold to buy new weapons. It's a lot of fun. Fun easy game Just a really fun game overall and it's easy to get good at the game as there's almost no guard rails or timers. If you find there to be no one else playing on your server that can be a bummer but I haven't found that to be an issue at all. ****DO NOT RATE THIS APP ON THE DESCRIPTION SECTION, RATE ONLY ON THE bff6bb2d33**

THE BEGINNING OF THE WORLD WITH A NEW WORLDFEST SYSTEM. The Great Treasure Hunt Begins. ■ The Land of Legacy: The Lands Between

The black magic of the demonic army has been unleashed upon the world. The Lost Land of Rubi has burst asunder in a violent onslaught of destructive magic. This has disturbed the balance of nature, and the Great Destroyer has risen to the surface in the Lands Between. The sound of warring beasts and terrible monsters cries out. This world consumed by darkness now rings with the sound of a war, and a brooding tension pervades the Lands Between, as cosmic power rages like the scale of the world.

This has resulted in the activation of another Well to the west. The ocean itself will split when it becomes unbearable, leading to the Three Widowlands. Land and water will reactivate wells and change the lands.

New lands which had been covered by an impassable fog have erupted and spread out from the east. Red Earth Lands and Hollow Lands, where support lines are no longer available, are

scattered across an enormous land. Large-scale battles are becoming more and more frequent as the upper class and the barbarians clashes, and dark forces of the Unknown land have manifested.

The dungeons of Tarnished Desert and Great Desert have been running for ten thousand years. Many dungeons have become inhabited by monsters. In one case in particular, the black cult has been thriving for over a thousand years.

Because it was unknown where the battleground of the fight of Light and Darkness would converge, the lands were turned into chaos. In this highly dangerous situation, many adventurers journeyed to the Lands Between seeking precious
