Features Key:

Climb and build your destiny as an Elden Lord: Under the guidance of the Goddess, you will be introduced to the strength of your own body and magic and learn the ways of the Sword and Mirror. Players are able to form their own party, and your party will increase as the story progresses and more lines are filled in.

Play the game in the style of a third-person RPG using up to three action buttons and up to three magic buttons.

Players can experience unprecedented variety as the game offers a multitude of gameplay modes, including a unique co-op mode, an easy to play Solo mode, and even a Squall mode where all the enemies are weak. Players can even decide on the difficulty of the game by changing the settings at the beginning.

In the Grand Festival, players can win loot drops by strengthening their party by defeating enemies or discovering chests hidden in the game. Be sure to check out the loot boxes to find items that will create layers of depth to the game.

SEKUTOSEN: Norn The world of Sekutosen is ancient and old, brimming with magic and mystery. There is great magic in the air, and majestic gods graced the lands. It is a land of legends and heroes and of splendid mounts. A land of the future, a world of the past. Our world is a world where the gods and heroes live in the sky in conjunction with the land, and demons and monsters on the ground. The unknown magic that quakes the center of the world in a place known as "The Edge of the World" deepens the chaos inside the world, but it is drawn into chaos, thus leaving the world uninhabited. Those who maintain magic,"These people are called Saons. " They create the atmosphere in the world of Sekutosen, where the huge social gap between Saons and the "natural" people occurs. Magic is an act of Saons. Their existence is dark and sinister. They disdain "natural" people and step onto the celestial land. "They looked at the world as their territory

AVANTASIA INSPO!

Mon, 04 Nov 2019 05:58:23 +0900 an environment full of happy memories with Chawin Liberte, the director of "Cowboy Bebop" and an Animation supervisor at Sunrise!

CONTRIBUTOR: Fenopin ♥ STAFF: Ato3x-

Cowboy Bebop is full of grim and gripping dark humor, however, it is also full of lots and lots of lighthearted, funny, happy moments. As an Animation supervisor on the anime, Chawin Liberte has his share of these moments, as an animator who worked with the character design, animation and background design. Here are some fun interviews he has done with Japanese web sites!

(1) In October 2017, he answered some questions about Cowboy Bebop and his role as a supervisor
