Field of the Invention The present invention relates to the field of machining of work pieces. More specifically the present invention relates to the field of machining of work pieces using a water jet nozzle to cut a uniform section and profile in the work piece. 2. Description of the Related Art Machining of parts from a material such as a metal, plastic or wood has long been used in industry. The material can be a solid, hollow, or non-hollow or composite object. It is often desired that the material be efficiently cut into smaller pieces while achieving an exacting control over the shape, size and uniformity of the resulting smaller pieces. For example, the smaller pieces might be for use in assembly of other objects, or the smaller pieces might be for the purpose of using a smaller piece of the material in an existing object, such as in the case of machining of metal buttons from metal plates for use in an electronic device (not shown). A.K. knew nothing about the plot. While she may have known that her husband received money from Jack and might even have given him money, she did not have any idea of the plot and no knowledge of what she might be called upon to do. She knew nothing about the methods used by Murphy's men to record their victims' activities, the use of a camera and the importance of shadows in incriminating testimony. She had no knowledge, experience or training in criminal activity. All she was told that her husband was to be the driver of the getaway car and that she was to give the money. She had nothing to do with the conspiracy before the conspiracy was disclosed by Murphy. Accordingly, her failure to disclose the conspiracy or reveal her knowledge of the conspiracy is not a defense to the crime. At the time she failed to disclose the conspirators' plan, she was not required e79caf774b
